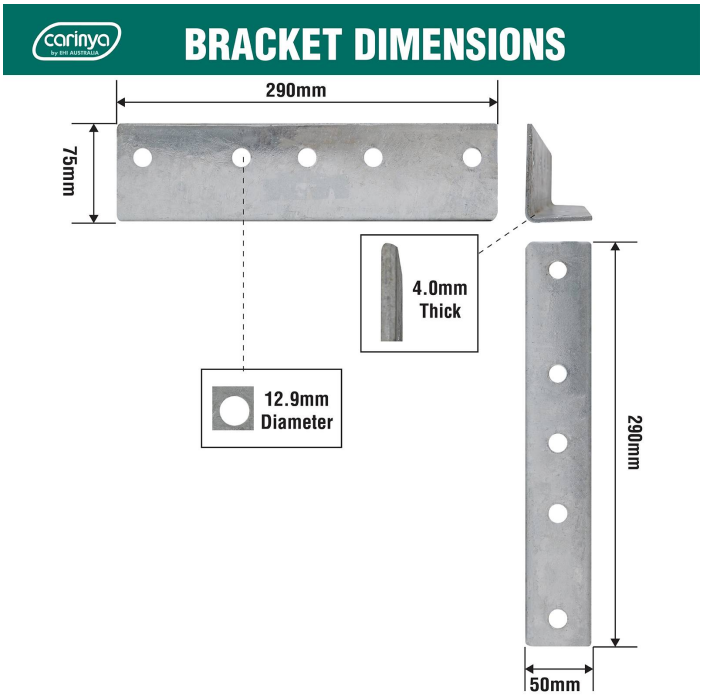
Carinya 290 x 75 x 50 x 4mm Hot Dipped Galvanised Reinforcing Angle Bracket



Description

Carinya 290 x 75 x 50 x 4mm Hot Dipped Galvanised Reinforcing Angle Bracket is designed for structural reinforcement tasks across various trade applications. This bracket is manufactured from hot dipped galvanised steel for long-lasting performance and reliability. It provides secure support in construction and framing projects, offering precise and practical solutions that meet the technical requirements of professionals seeking efficient load-bearing solutions.

Features

- Hot dipped galvanised steel construction ensures enhanced durability
- Precise dimensions offer reliable structural reinforcement support
- Simple design integrates easily into varied applications
- Hot dipped finish provides long term corrosion resistance
- Reinforcing angle bracket delivers secure fixing and support
- Precision manufacture yields reliable installation and alignment
- Engineered design supports robust jointing and framework reinforcement
- Carinya quality ensures dependable performance and support

Product Code: B11475

Dimensions

Product Length (mm)	75
Product Width (mm)	50
Product Height (mm)	290
Product Thickness (mm)	4
Diameter of Fixing Holes (mm)	12.9

Appearance

Product Colour	Hot Dipped Galvanised

Construction

Product Material 1	Hot Dipped Galvanised Steel

Specifications

Outdoor Use	No
Indoor Use	Yes
Hardware Included	No
