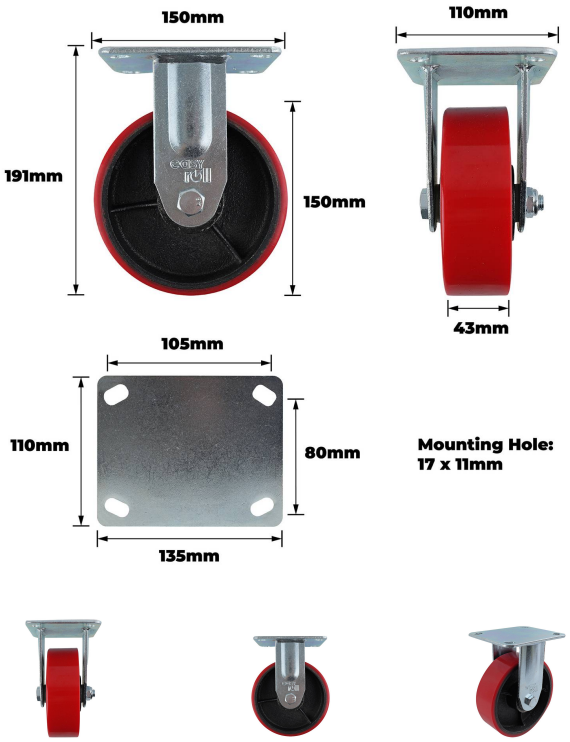
Easyroll 150mm Urethane Cast Iron Fixed Plate J3 Series Castor 410kg



Product Code: J33AZ85K150

Description

Easyroll 150mm Urethane Cast Iron Fixed Plate J3 Series Castor 410kg is designed for precise movement of heavy loads, featuring a cast iron wheel with a polyurethane rim and a polypropylene core. Its robust steel housing and ball bearing system with carbon steel components deliver reliable performance. The fixed plate design enables secure attachment, providing dependable support and ease of mobility for trade professionals in various operational settings indoors and outdoors.

Features

- Durable steel housing supports secure plate mount application
- Stable polyurethane and cast iron wheels provide smooth movement
- Polypropylene wheel core ensures reliable structural integrity
- Ball bearing system reduces friction for precise motion
- Rigid plate attachment offers robust fixed mounting design
- Suitable for indoor use and reliable outdoor performance
- Carbon steel bearings enhance durability and operational longevity
- Plate mount fitting ensures quick, secure attachment

Specifications

Outdoor Use	Yes
Indoor Use	Yes
Bearing Type	Ball Bearing
Attachments	Plate Rigid

Appearance

Product Colour	Red/Black/Silver

Construction

Wheel Core Material	Polypropylene
Wheel Material	Polyurethane
Housing Material	Steel
Bearing Material	Carbon Steel

Weights

Product Weight (grams)	2861
Load Capacity kg	410.0

Dimensions

Product Length mm	150
Product Width mm	110
Product Height mm	191
Wheel Diameter	150
Tread Width mm	43
Plate Dimensions mm	135x110
