KNAACK Storage Master Chest

JOBSITE STORAGE EQUIPMENT

Description

KNAACK Storage Master Chest is a work storage chest constructed from steel with a tan powder coated finish. Designed for trade professionals, it features a built-in KNAACK padlock system, two handles and six skids with a 16-ga body and 7-ga skids for enhanced stability. Electrical access is provided to simplify tool management across various settings, offering a practical solution for organising equipment and work materials effectively.

Features

- Built from robust steel with a durable powder coated finish
- Secure storage with integrated KNAACK padlock lock system
- 16-gauge body and 7-gauge skids ensure structural integrity
- Dual handles facilitate simple, secure lifting and moving
- Six skids enhance stability on varied surfaces
- Designed for both indoor and outdoor use
- Electrical access integrated for convenient tool connectivity
- Intended for efficient organisation and practical workspace management
