

Description

Metal Mate 40 x 40 x 1.6mm x 3m Galvanised Steel Square Tube is produced from galvanised steel and designed with a true square profile for reliable construction and assembly. Its dimensions enable precise fittings in modular frameworks and other practical applications. Industrial and trade professionals benefit from its durability, accurate fabrication, and consistent quality, which support technical tasks and structured solutions in various projects.

Features

- Constructed from galvanised steel offers robust strength
- Square shape ensures consistent alignment and compact storage
- Silver finish protects against corrosion and enhances appearance
- 40x40mm profile provides standard dimensions for work applications
- 1.6mm wall thickness balances rigidity with light weight
- 3m length offers versatility for structural and fabrication projects
- Manufactured by Metal Mate known for quality craftsmanship
- Ideal for framing solutions that require precise alignment and fit

Product Code: 11214

General

Product Type Box Sections

Appearance

Product Shape Square

Product Colour Silver
