

Metal Mate 50 x 50 x 4mm x 1m Galvanised Steel Angle Bar

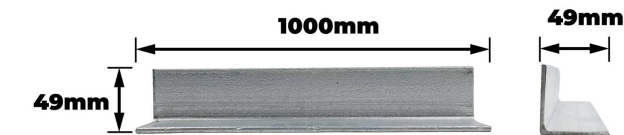

Description

Metal Mate 50 x 50 x 4mm x 1m Galvanised Steel Angle Bar is an equal angle bar crafted from galvanised steel with a silver finish. Its L-shaped configuration provides a straightforward solution for creating frameworks, supports, and assemblies in various practical applications. Designed for precise and consistent performance, it offers reliable strength and dimensional accuracy, making it a valuable component for trade professionals requiring robust and adaptable structural material.

Features

- L shaped equal angle for precise structural support
- Constructed from galvanised steel for enhanced longevity
- Silver finish offers an attractive, durable appearance
- Standard dimensions of 50 x 50 mm ensure compatibility
- 4 mm thickness secures dependable load bearing capacity
- 1 m length supports diverse project requirements
- Equal angle design distributes load evenly for balanced support
- Metal Mate quality guarantees reliability and practical performance

Product Code: 13205

General

Product Type Equal Angles

Appearance

Product Shape L-Shaped

Product Colour Silver

Construction

Product Material 1 Galvanised Steel

Dimensions

Product Thickness (mm)	4
Product Height (mm)	49
Product Width (mm)	49
Product Length (mm)	1000
