

Metal Mate 38 x 38 x 1.8mm x 1.8m Galvanised Heavy Duty Slotted Steel Angle

METAL DIMENSIONS

Description

Metal Mate 38 x 38 x 1.8mm x 1.8m Galvanised Heavy Duty Slotted Steel Angle is constructed from galvanised steel and features an L-shaped, silver design. It is engineered to provide precise slotted support and versatile assembly options for a range of structural applications. The robust build ensures effective alignment and secure fastening, offering valuable benefits for professionals in trade and technical construction. Its durable construction supports consistent performance during various practical applications.

Features

- Robust galvanised steel construction provides strong load bearing support
- Slotted design enables precise adjustments and flexible mounting
- L shaped profile offers versatile application and installation options
- Silver finish improves material visibility with a clean appearance
- Heavy duty dimensions support substantial structural reinforcement needs
- Precise fabrication meets technical project specifications consistently
- Corrosion resistant galvanisation helps extend product longevity
- Clean uniform design aids rapid assembly and alignment

Product Code: 13598

General

Product Type	Slotted Angle
Appearance	
Product Shape	L-Shaped
Product Colour	Silver

Construction

Product Material 1	Galvanised Steel
--------------------	------------------

Dimensions

Product Thickness (mm)	1.8
Product Height (mm)	38
Product Width (mm)	38
Product Length (mm)	1800
