

Metal Mate 38 x 38 x 1.8mm x 3m Heavy Duty Galvanised Slotted Angle

METAL DIMENSIONS

Description

Metal Mate 38 x 38 x 1.8mm x 3m Heavy Duty Galvanised Slotted Angle is crafted from galvanised steel in a silver, L-shaped format designed for practical applications. Its accurately slotted design enables secure, adjustable connections and ease of assembly. Trade professionals benefit from its robust construction and reliability, making it a practical choice for framing, fixed supports and various technical installations that require precise and adaptable structural reinforcement.

Features

- Constructed from galvanised steel for long-lasting durability
- L-shaped design provides robust structural support
- Precision-formed slotted angle maximises attachment versatility
- Silver finish offers aesthetic consistency for practical applications
- Standard dimensions ease integration in diverse projects
- Evenly spaced slots support reliable alignment of fixings
- Heavily built material resists corrosion and environmental wear
- Extended 3m length enhances coverage and design adaptability

Product Code: 13600

General

Product Type Slotted Angle

Appearance

Product Shape L-Shaped
