

Description

Metal Mate Galvanised Slotted Angle Starter Pack features a slotted angle constructed from galvanised steel with a silver finish. It is engineered for durability and precise fastening, supporting various structural configurations. This pack offers consistent quality and incorporates practical design for secure assembly. Trade professionals benefit from its adaptability and robust performance, ensuring reliable support in a range of applications.

Features

- Durable galvanised steel construction for lasting performance
- Precisely engineered slotted design for flexible installations
- Robust silver finish provides reliable corrosion resistance
- Reliable Metal Mate brand ensures quality and trust
- Clean design allows easy integration into varied systems
- Suitable for precise assembly and structural support
- Engineered for strong load bearing capacity
- Starter pack provides essential components for structured assembly

Product Code: 13702

General

Product Type Slotted Angle

Appearance

Product Colour Silver

Construction

Product Material 1 Galvanised Steel
