

Description

Metal Mate 6.3mm x 3m Galvanised Steel Round Solid is a robust solid round bar manufactured from galvanised steel, offering a reliable solution for a variety of technical applications. It provides a high level of durability and consistent performance, ideal for precise engineering and fabrication tasks. The product’s uniform round shape and silver finish ensure practicality in design integration, supporting optimal alignment and structural integrity in diverse trade projects.

Features

- Fabricated from durable galvanised steel ensuring lasting strength
- Solid round bar design for consistent and reliable performance
- Uniform round shape facilitates precision machining and joining
- Silver finish provides clear identification and streamlined appearance
- Accessible dimensions support versatile structural design and fabrication
- Precise dimensions guarantee repeatable applications
- Engineered for repetitive round profile and solid rigidity
- Finished in silver with enduring galvanised coating for support clarity

Product Code: 14211

General

Product Type Solid Round Bars

Appearance

Product Shape Round

Product Colour Silver

Construction

Product Material 1 Galvanised Steel

Dimensions

Product Thickness (mm)	3
Product Height (mm)	6.3
Product Width (mm)	6.3
Product Length (mm)	3000
