

Metal Mate 20 x 3mm x 1m Galvanised Steel Handyman Flat Bar

Description

Metal Mate 20 x 3mm x 1m Galvanised Steel Handyman Flat Bar is a galvanised steel flat strip with a silver finish designed for precise fabrication tasks. It provides consistent structural support in assemblies and framing solutions, helping trade professionals construct reliable frameworks. Its standard dimensions ensure ease of installation and accurate fit, contributing to efficient project execution in technical applications while delivering dependable performance in demanding tasks.

Features

- High strength galvanised steel construction for extended longevity
- Precise flat strip profile for reliable uniform application
- Available in a silver finish blending practicality and style
- Dimensions provide accurate sizing for easy integration
- Engineered flat bar design supports consistent load distribution
- Robust construction meets high performance demands
- Straight edges enhance ease of fabrication and assembly
- Reliable galvanised coating offers excellent corrosion resistance
