

Description

Metal Mate 20 x 3mm x 2m Galvanised Steel Flat Bar is produced from galvanised steel with a flat strip design in a silver finish. It serves practical applications in various trade sectors where dependable raw materials are needed for construction and repair work. Its precise dimensions and robust construction offer consistent performance in fabrication, ensuring efficient installation and lasting support across multiple assembly projects for professionals.

Features

- Durable galvanised steel resists rust and wear
- Smooth silver finish improves product appearance
- Precision cut flat strip for consistent dimensions
- Uniform build enhances reliability on every project
- Engineered with modular design in mind
- Versatile profile fits multiple construction applications
- Simple integration into design and assemblies
- Metal Mate quality crafted for dependable performance

Product Code: 16220
