

Description

Metal Mate 30 x 3mm x 2m Galvanised Steel Flat Bar is a precise flat strip made from galvanised steel with a silver finish. It is designed for accurate, repeatable applications in trade and industrial projects. The flat bar offers a stable, rigid profile ideal for structural support, reinforcements and custom fabrications. Its consistent dimensions and reliable quality provide a practical solution for professionals in various technical fields.

Features

- Galvanised steel offers reliable durability and corrosion resistance
- Precision flat strip design supports accurate uniform installations
- Silver finish provides a clean consistent appearance
- Dimensions measure 30 x 3mm x 2m for versatile use
- Uniform thickness promotes balanced load distribution
- Robust build ensures performance in demanding applications
- Flat profile facilitates easy handling and fabrication
- Metal Mate quality backed by precise manufacturing

Product Code: 16222

General

Product Type Flat Bars

Appearance

Product Shape Flat Strip

Product Colour Silver

Construction

Product Material 1 Galvanised Steel
