

Description

Metal Mate 40 x 3mm x 2m Galvanised Steel Flat Bar is a precision-engineered component constructed from galvanised steel that offers durability and consistent performance in a variety of technical applications. Its flat strip design provides stability and ease of integration into fabrications, making it ideal for professionals who demand high-quality building materials. The silver finish and standard dimensions ensure reliable consistency and facilitate accurate fitting and assembly in diverse projects.

Features

- Precision engineered flat strips of galvanised steel
- Durable finish ensures long-lasting performance
- Uniform dimensions 40 x 3mm x 2m with precise measurements
- Silver appearance for a clean, modern aesthetic
- Corrosion resistant galvanised steel construction
- Ideal for fabrication, support and cladding applications
- Uniform flat strip with consistent shape and dimensions
- Metal Mate quality ensures reliable and precise performance

Product Code: 16223

General

Product Type Flat Bars

Appearance

Product Shape Flat Strip

Product Colour Silver

Construction

Product Material 1 Galvanised Steel

Dimensions

Product Thickness (mm) 3

Product Height (mm) 3

Product Width (mm) 40

Product Length (mm) 2000
