

SIT Steel Crimped Wire Wheel 125mm x 16mm

Description

SIT Steel Crimped Wire Wheel 125mm x 16mm is a precision-engineered crimped wheel brush designed for effective surface preparation and maintenance tasks. Its durable steel construction and distinct silver and red finish facilitate reliable use during routine trade work. Suitable for both indoor and outdoor applications, this tool supports rotational speeds up to 6000 RPM, offering consistent performance and operational efficiency for professionals seeking dependable, practical solutions in material removal and surface treatment.

Features

- Constructed with durable steel for consistent performance
- Crimped wire design ensures efficient cleaning motion
- Operates with reliable maximum speed of 6000 rpm
- Versatile for both outdoor and indoor applications
- Polished silver and red finish provides clear visual marking
- Engineered for high-speed cleaning applications
- Balanced construction enhances brush stability during rotation
- 125mm x 16mm dimensions suit a range of applications

Product Code: 3122

Specifications

Outdoor Use	Yes
