

Easyroll 3.50x4" Pneumatic Black Rubber Nylon Wheel 3/4" Bearing 120kg is a pneumatic wheel engineered for effective load handling and precise manoeuvring in trade settings. It features a durable nylon wheel core with rubber integration and a robust ball bearing design that aids smooth rotation and reliable performance. Designed for both indoor and outdoor use, this product offers a dependable rolling solution that enhances operational efficiency in various professional applications.

- Rubber outer provides durable grip and abrasion resistance
- Nylon core and hub for consistent operational performance
- Precision ball bearing design ensures smooth rotation
- Compatible with 350X4 and 3.50-4 tube specifications
- Four ply rating provides secure load handling
- Engineered for reliable indoor and outdoor performance
- Constructed with nylon bearing for robust rotational support
- Black and red finish offers enhanced visibility and clarity
