Description

Proval Neo Heat 250 Resistant Glove is designed for professionals engaging in casting, moulding, ceramic work, construction, and precision manufacturing.

Constructed from a blend of neoprene and cotton, the glove offers robust heat, chemical, and puncture resistance alongside enhanced abrasion and tear performance. Its durable design provides practical protection during daily tasks, supporting efficient and safe operations in workshops, kitchens, bakeries, automotive, and related trade sectors.

Features

- Made from durable neoprene and cotton
- Heat resistant design suits high temperature applications
- Abrasion resistant construction withstands rough work conditions
- Tear resistant for enhanced durability and longevity
- Chemical resistant materials ensure performance in various tasks
- Puncture and blade cut resistant construction for safety
- Liquid, oil and detergent resistant against workplace substances
- Washable design aids routine cleaning

Specifications

Puncture Resistant	Yes
--------------------	-----

Blade Cut Resistant	Yes
---------------------	-----

Liquid Resistant	No
------------------	----

Detergent Resistant	No
---------------------	----

Oil/Grease Resistant	No
----------------------	----

Appearance

Product Colour	Black/Yellow
----------------	--------------

Construction

Product Material 1	Neoprene
--------------------	----------

Dimensions

Finger Thickness (mm)	1.57
-----------------------	------

Palm Thickness (mm)	1.47
---------------------	------

Palm Circumference (mm)	232
-------------------------	-----

Single Wall Thickness (mm)	1.4
----------------------------	-----

Cuff Thickness (mm)	1.5
---------------------	-----

Cuff Circumference (mm)	350
