

Description

SIT Abrasive Nylon Abrasive Nylon Wheel 200mm x 25mm is a tool featuring an abrasive nylon brush system in a blue, silver and red design. It is intended for surface finishing and material removal in applications requiring controlled abrasion. With a maximum operational speed of 6000 RPM, it provides consistent, precise performance for professional trade use both indoors and outdoors, ensuring effective and reliable cleaning and preparation of surfaces.

Features

- Abrasive nylon material for durable surface cleaning
- High speed performance up to 6000 revolutions per minute
- Suitable for both indoor and outdoor cleaning tasks
- Abrasive filament design facilitates material removal
- Multiple colour options aid quick visual identification
- 200mm x 25mm dimensions for precise application control
- Constructed for durability under heavy cleaning operations
- Designed for balanced speed and brush stability

Product Code: 4203ABR

Specifications

Outdoor Use	Yes
Indoor Use	Yes
Hardware Included	No
Max RPM	6000
Wire Style	Nylon Wire

Appearance

Product Colour Blue/Silver/Red

Construction

Brush Material Abrasive Nylon
