

Metal Mate 600 x 450 x 1.2mm Aluminium Propeller Plate

Description

Metal Mate 600 x 450 x 1.2mm Aluminium Propeller Plate is a flat, silver component crafted from high-quality aluminium and engineered for dependable performance. It offers precision and consistent geometry for effective use in technical projects and practical applications for trade professionals. The propeller plate features a robust design that ensures accurate alignment and efficient operation, providing a reliable solution for demanding technical and maintenance tasks.

Features

- Aluminium construction ensures durability and lightweight design
- Flat plate design supports uniform and easy surface mounting
- Silver finish provides a clean visually appealing appearance
- Dimensions of 600 x 450 x 1.2mm suit precise applications
- Engineered for balance and reliable performance in assemblies
- Precision flat shape facilitates straightforward integration with components
- Practical design delivers consistency across mounting surfaces
- Metal Mate quality ensures dependable application results

Product Code: 5028

General

Product Type Propeller Plates
