

Metal Mate 900 x 600 x 1.2mm Aluminium Propeller Plate

Description

Metal Mate 900 x 600 x 1.2mm Aluminium Propeller Plate is a flat, silver aluminium plate designed for precise and reliable technical applications in trade and construction projects. Its accurate dimensions and robust material quality ensure a secure fit and effective performance for fabrication and assembly tasks. The product is engineered for durability and ease of installation, providing practical value to professionals who require dependable metal components for consistent, high-quality results.

Features

- High-grade aluminium maximises strength while minimising weight
- Flat form factor offers reliable, stable mounting surfaces
- Precision engineering ensures precise integration within assemblies
- Silver finish repels corrosion and enhances surface appearance
- Engineered for accurate flat profile and uniform thickness
- Robust design balances performance with ease of fabrication
- Metal Mate quality delivers dependable, long-lasting structural performance
- Designed with precise dimensions for accurate installation
