

Description

Metal Mate 300 x 600 x 2mm Black Aluminium Tread Plate is a flat tread plate manufactured from aluminium with a black finish. It provides a slip-resistant surface ideal for high-traffic workspaces and commercial areas, ensuring safe movement for personnel. Its robust construction and precise dimensions deliver reliable performance while supporting the operational needs of trade professionals, offering a practical solution for enhancing surface durability and safety.

Features

- Constructed from premium aluminium for durable and lightweight performance
- Black finish provides a professional aesthetic for technical applications
- Flat shape enables precise alignment and straightforward installation
- Tread pattern increases surface slip resistance
- Engineered with controlled tolerances for repeatable performance
- Dimensions of 300 x 600 x 2mm ensure exact fitting
- Consistent material quality supports reliable machining and processing
- Reliable structural integrity for long term performance

Product Code: 5033
