

Description

Metal Mate 25 x 25 x 2mm x 2.4m Angle Tread Plate is a lightweight L-shaped tread plate made from durable aluminium with a silver finish. It provides consistent traction and slip-resistance, making it suitable for secure applications in building, transport and construction installations. The design facilitates straightforward installation and reliable performance, supporting the technical requirements of trade professionals seeking practical and efficient solutions.

Features

- L-shaped design enables versatile installation and secure mounting
- Aluminium construction offers corrosion resistance and substantial structural strength
- Silver finish provides clean aesthetics and surface protection
- Durable tread plate delivers reliable grip for steady footing
- Precision engineering delivers quality performance for rigorous tasks
- Lightweight metal supports ease of handling and rapid installation
- Tread plate offers defined texture for secure slip-resistant steps
- Robust fabrication meets precise tolerances for workload stability

Product Code: 5038

General

Product Type Tread Plates

Appearance

Product Shape L-Shaped

Product Colour Silver

Construction

Product Material 1 Aluminium

Dimensions

Product Thickness (mm)	2
Product Height (mm)	25
Product Width (mm)	25
Product Length (mm)	2400
