

Description

Metal Mate 20 x 1.6mm x 3m Aluminium Flat Bar is a precision-engineered flat strip designed for accurate measurement and alignment tasks. Manufactured from aluminium, it offers reliable strength and lightweight handling while ensuring durability. Its flat configuration supports a range of technical applications that require uniformity and consistent performance for trade professionals. The product is built to deliver repeatable results, making it an essential component for system assemblies and fabrication projects.

Features

- Precision flat aluminium bar with consistent dimensions
- Standard silver finish for visual clarity
- Engineered for reliable load bearing performance
- Uniform flat strip profile enhances joint stability
- Accurate dimensions support precise fabrication and assembly
- Extruded aluminium yields lightweight yet robust performance
- Engineered with tight tolerances for consistent quality
- Available in precise 20 x 1.6mm x 3m dimensions

Product Code: 5110

General

Product Type	Flat Bars
Appearance	
Product Shape	Flat Strip
Product Colour	Silver

Construction

Product Material 1	Aluminium
--------------------	-----------

Dimensions

Product Thickness (mm)	1.6
Product Height (mm)	20
Product Width (mm)	1.6
Product Length (mm)	3000
