

Description

Metal Mate 25 x 3mm x 3m Black Aluminium Flat Bar is a flat strip designed for precise fabrication and assembly tasks. It offers a robust aluminium solution that supports accurate cutting, welding, and machining operations. With a clean black finish and consistent material properties, this product provides dependable performance for trade and industrial professionals seeking reliable components for technical applications and custom metalwork projects.

Features

- High quality aluminium material for reliable structural performance
- Flat strip design enables versatile application in various projects
- Precision engineered for flatness and uniform thickness
- Simple yet robust design suited for functional installations
- Available in a sleek black finish for visual clarity
- Engineered dimensions facilitate predictable installation and finishing work
- Superior production processes deliver dependable product performance
- Specified 25 x 3mm x 3m dimensions simplify engineering calculations

Product Code: 5132

General
