

Description

Metal Mate 32 x 3mm x 2.4m Aluminium Flat Bar is a precision-engineered flat strip designed for accurate fabrication and construction projects. It features a consistent silver finish and secure aluminium composition, providing durability for technical applications. Its reliable dimensions facilitate straightforward integration into structures and frameworks, ensuring efficiency and consistent quality for trade professionals requiring robust and easily workable building components.

Features

- High quality aluminium for durability and lightweight handling
- Flat strip design ensures smooth, even surfaces for accurate applications
- Precision manufactured for consistent thickness and reliable integrity
- Simple installation with standard dimensions for versatile use
- Smooth silver finish that enhances visual appeal and clarity
- Engineered aluminium ensures strength combined with easy machining
- Reliable material suited for fabrication and alteration requirements
- Compatible with diverse assembly and structural projects

Product Code: 5204
