

Description

Metal Mate 20 x 1.6mm x 2.4m Aluminium Flat Bar is a precision-engineered flat strip manufactured from high-quality aluminium and finished in silver. It offers consistent dimensions and a smooth surface ideal for technical fabrication and assembly. Its reliability and ease of integration make it a valuable component for fabrication projects, structural supports and detailed engineering work, providing trade professionals with a clear, accurate product for precise applications.

Features

- Constructed using corrosion resistant aluminium
- Flat strip shape enables accurate fitting
- Precision dimensions for consistent assembly
- Smooth silver finish resists unwanted surface marks
- Standard size simplifies planning of project layouts
- Lightweight structure aids in effortless transportation
- Engineered for durability in practical applications
- Reliable flat bar with stable technical performance

Product Code: 5207

General

Product Type Flat Bars

Appearance

Product Shape Flat Strip

Product Colour Silver

Construction

Product Material 1 Aluminium

Dimensions

Product Thickness (mm) 1.6

Product Height (mm) 20

Product Width (mm) 1.6

Product Length (mm) 2400
