Closure/Sealing Type Zipper with single layer flaps.

Appearance

Product Colour Blue

Construction

Seam Type	Serged
Fabric Type	Non Woven Polypropylene Spunbond

Description

Proval PP Navy Coverall is a practical disposable garment optimised for trade and professional use. It is constructed from non woven polypropylene spunbond reinforced with elastic rubber and features serged seams along with a zipper with single layer flaps. The coverall delivers breathability, is food safe and clean room compatible. Its design includes elastic components on the hood, waist, wrists and ankles to ensure a secure, comfortable fit while offering protection against oil, grease and solid particulate

Features

- Breathable coverall design enhances wearer comfort
- Lint free finish reduces contamination and maintains cleanliness
- Constructed with non woven polypropylene spunbond for durability
- Secure zipper with single layer flaps provides closure
- Elastic hood, waist, wrists and ankles enable mobility
- Blue colour supports clear visual identification
