

Description

Metal Mate 20 x 1.6mm x 1m Aluminium Flat Bar is a silver flat strip manufactured from aluminium and designed for precision cutting and fabrication. It provides a reliable, standard profile that supports a variety of structural applications, offering consistent dimensions and ease of machining. Trade professionals benefit from its technical robustness and adaptable design, which facilitates seamless integration into customised assemblies and building projects.

Features

- High-quality aluminium flat strip from Metal Mate
- Precise dimensions of 20 x 1.6mm x 1m
- Uniform silver finish for consistent appearance
- Engineered for ease of fabrication and installation
- Reliable flat bars that hold exact tolerances
- Smooth surface supports precision machining and accurate cutting
- Constructed from durable, lightweight aluminium for easy handling
- Trusted quality from Metal Mate ensures project reliability
