Metal Mate 20 x 3mm x 1m Aluminium Flat Bar

Description

Metal Mate 20 x 3mm x 1m Aluminium Flat Bar is a precision-engineered flat strip crafted from quality aluminium. It is designed for structural reinforcement, alignment, and fabrication tasks that demand reliable performance and consistent dimensions. The silver finish enhances its clean appearance while ensuring ease of machining and maintenance. Trade professionals benefit from its technical advantages and precise construction, making it an effective choice for specialised design and construction projects.

Features

- Durable aluminium flat bar with precise flat strip profile
- Even silver finish provides consistent appearance and aesthetics
- Manufactured to high tolerances ensuring accurate dimensions
- Engineered for efficient fabrication and construction project use
- Easily integrated into assemblies and custom metalwork designs
- Consistent quality verified through rigorous manufacturing control
- Precise cut and shape for smooth installation and handling
- Long-lasting performance with minimal maintenance requirements
