

METAL DIMENSIONS

Description

Metal Mate 25 x 1mm x 1m Aluminium Flat Bar is a precision-manufactured flat strip designed for accurate component fitting in commercial projects and trade applications. The silver aluminium construction provides durability and a lightweight profile, ensuring reliable performance in technical installations and repair tasks. Its straightforward design and consistent dimensions facilitate precise assembly and easy integration into various professional systems, delivering dependable results and improved operational efficiency for practitioners.

Features

- Aluminium construction ensures reliable structural performance
- Precision flat strip shape aids accurate mounting
- Consistent dimensions support design integration
- Polished silver finish offers clear visual quality
- High strength material supports concentrated load distribution
- Available in standard 25 x 1mm x 1m dimensions
- Low maintenance aluminium reduces upkeep and operational costs
- Trusted Metal Mate brand backs reliable engineering performance

Product Code: 5304

General

Product Type Flat Bars

Appearance

Product Shape Flat Strip

Product Colour Silver

Construction

Product Material 1 Aluminium
