

Description

Metal Mate 20 x 1.6mm x 1m Black Aluminium Flat Bar is a flat strip with a consistent cross-section and reliable precision. The aluminium composition provides a lightweight yet durable element for measured engineering or fabrication tasks. It offers straightforward assembly and dependable performance, making it valuable for technical projects. Its standard dimensions and professional black finish support work for industrial and trade professionals who require accuracy and consistent quality.

Features

- Precision engineered flat strip with consistent dimensions
- Robust aluminium composition ensures lightweight yet strong performance
- Black finish provides uniform appearance throughout production batch
- Standard 20 x 1.6mm dimensions for accurate engineering applications
- Reliable flat bar profile facilitates precise assembly and alignment
- Uniform manufacturing supports dependable repeatability in projects
- Smooth surface finish reduces friction during metal joining processes
- Engineered by Metal Mate for consistent quality and performance

Product Code: 5331

General

Product Type Flat Bars

Appearance

Product Shape Flat Strip

Product Colour Black

Construction

Product Material 1 Aluminium

Dimensions

Product Thickness (mm) 1.6

Product Height (mm) 20

Product Width (mm) 1.6

Product Length (mm) 1000
