

Description

Proval PP White Lab Coat is a disposable, non-woven polypropylene lab coat designed for applications such as food processing, food manufacturing, medical, aged care, laboratory and pharmaceutical work. Constructed using a serged seam and incorporating Velcro chest closure with elastic wrist features for a secure fit, it offers protection against solid particulates and dust. This product is HACCP certified, providing a food-safe solution with straightforward usability and quality construction.

Features

- Food safe coat with HACCP certification
- Polypropylene construction with durable Velcro closures
- Breathable fabric aids comfort during extended work periods
- Non woven spunbond finish provides clean and protective wear
- Serged seams ensure consistent construction quality
- Velcro chest closure paired with elastic wrist design
- Designed for food processing and related manufacturing applications
- Solid particulate protective design prevents dust and dirt build-up

Product Code: 55003
