

Description

Metal Mate 10 x 1mm x 3m Aluminium Round Tube is engineered for precise applications in construction and fabrication. Crafted from high-quality aluminium, it offers reliable strength, light weight, and excellent corrosion resistance. The round shape and consistent dimensions support a variety of practical uses in assembly, framework, and customised design projects. Trade professionals benefit from its technical accuracy and dependable performance for fitting and durable project solutions.

Features

- Aluminium alloy construction offers robust and lightweight performance
- Round tube shape enables uniform joining and fabrication precision
- Precision dimensions provide exact measurements for accurate fabrication
- Silver finish offers a clean and modern appearance
- 10mm diameter supports versatile fabrication methods
- 1mm wall thickness balances strength with reduced weight
- 3m length reduces jointing requirements for extended designs
- Engineered for consistent performance in custom fabrication projects

Product Code: 5500

General

Product Type	Round Tube
Appearance	
Product Shape	Round
Product Colour	Silver

Construction

Product Material 1	Aluminium
--------------------	-----------

Dimensions

Product Thickness (mm)	1
Product Height (mm)	10
Product Width (mm)	10
Product Length (mm)	3000
