

Description

Metal Mate 25 x 1mm x 3m Aluminium Round Tube is a precision-engineered aluminium tubing solution designed for accuracy and consistent performance. Its round shape and silver finish complement its structural integrity, making it an excellent choice for professionals in technical trades. The lightweight yet durable aluminium construction facilitates reliable use in detailed assembly tasks, ensuring that projects are executed with predictable, standardised results. This round tube offers a straightforward and efficient approach to quality fabrications in professional settings.

Features

- Constructed from aluminium for strength and durability
- Designed in a sleek silver finish with aesthetic appeal
- Precisely engineered dimensions for accurate fitting and use
- Lightweight design facilitates easy handling and installation
- Robust structure offers dependable performance in many applications
- Smooth round shape ensures straightforward installation processes
- Precision engineering supports consistent quality and practical use
- Reliable metal construction facilitates integration with various building techniques

Product Code: 5504

General

Product Type Round Tube

Appearance

Product Shape Round

Product Colour Silver

Construction

Product Material 1 Aluminium

Dimensions

Product Thickness (mm)	1
Product Height (mm)	25
Product Width (mm)	25
Product Length (mm)	3000
