

Description

Metal Mate 16 x 1mm x 1m Aluminium Round Tube is a precision-engineered aluminium round tube offering reliable dimensions and durability. It is designed for various technical applications and delivers consistent performance for trade professionals. The tube’s high-quality aluminium construction facilitates ease of fabrication and efficient installation. Its round shape and silver finish support accurate engineering in repair and assembly projects, providing a dependable component for effective and precise work.

Features

- Constructed from lightweight aluminium for easy handling
- Round shape delivers even load distribution
- Precision machining provides a uniform surface finish
- Silver anodised coating enhances corrosion resistance
- Accurate dimensions support precise engineering designs
- Robust construction delivers long-lasting performance
- Smooth round profile reduces friction on mating surfaces
- Uniform wall thickness ensures stable mechanical properties

Product Code: 5628

General

Product Type	Round Tube
Appearance	
Product Shape	Round
Product Colour	Silver

Construction

Product Material 1	Aluminium
--------------------	-----------

Dimensions

Product Thickness (mm)	1
Product Height (mm)	16
Product Width (mm)	16
Product Length (mm)	1000
