

METAL DIMENSIONS

Description

Metal Mate 20x1.6mm x 1m Aluminium Round Tube is a precision-engineered tube designed to support accurate assemblies and structural applications. The aluminium construction offers a lightweight, durable solution for trade professionals engaged in various technical projects. Its consistent round shape and silver finish promote easy integration with other components, while the tube's reliable performance adds value to tasks that require precise measurements and dependable strength.

Features

- Precision machined aluminium tube with uniform round cross-section
- Brushed silver finish offers clean attractive appearance
- Factory-standard dimensions support accurate fitting to designs
- Light weight aids transport and installation
- Manufactured to strict tolerances for dependable performance
- Engineered for repeated use without warping or distortion
- Adaptable design complements various engineering structures
- Metal Mate quality ensures consistent accuracy every tube

Product Code: 5632

General

Product Type Round Tube

Appearance

Product Shape Round

Product Colour Silver

Construction

Product Material 1 Aluminium

Dimensions

Product Thickness (mm)	1.6
Product Height (mm)	20
Product Width (mm)	20
Product Length (mm)	1000
