

Description

Metal Mate 50 x 50 x 1.5mm x 1m Aluminium Square Tube is a precisely engineered aluminium square tube designed for practical applications. It features a consistent square profile and a neat silver finish that supports accurate construction and reliable performance. The tube offers a lightweight structure with efficient load distribution, making it valuable for trade professionals requiring dependable components for custom fabrications and technical assemblies. Its dimensions ensure ease of integration into various design and structural applications.

Features

- Aluminium construction offers a lightweight durable structure
- Precision square shape ensures consistent accurate fit
- Silver finish lends a clean professional appearance
- Consistent 1 metre length for versatile application
- Square profile supports efficient load distribution
- Simple smooth aluminium surface for easier cleaning
- Tight tolerance control ensures accurate dimension consistency
- Robust design supports varied structural layouts

Product Code: 5881

General

Product Type Square Tubes
