

Metal Mate 50 x 30 x 2mm x 1m Rectangle Aluminium Angle

METAL DIMENSIONS

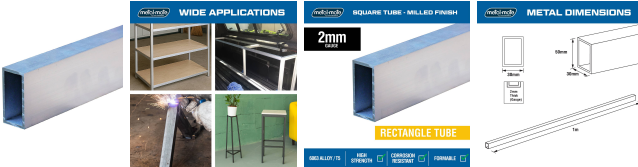

Description

Metal Mate 50 x 30 x 2mm x 1m Rectangle Aluminium Angle is precision-engineered from high-quality aluminium, presenting a robust rectangle tube design with a silver finish. It delivers reliable mechanical performance and dimensional stability for applications in construction, fabrication and structural design. This product offers practical advantages to trade professionals through its ease of integration, customisable options and consistent performance in framework assemblies and bespoke installations.

Features

- Constructed from aluminium for a robust yet lightweight tube design
- Rectangle shape offers precise fitting and stable performance
- High-quality silver finish promotes a sleek modern appearance
- 50 x 30 x 2mm cross-section and one-metre tube length
- Engineered for dimensional accuracy and consistent wall thickness
- Designed with precision for reliable structural integration
- Silver aluminium finish contributes to excellent surface uniformity
- Ideal for applications requiring reliable strength and precise dimensions

Product Code: 5950

General

Product Type Rectangle Tubes

Appearance

Product Shape Rectangle

Product Colour Silver

Construction

Product Material 1 Aluminium

Dimensions

Product Thickness (mm)	2
Product Height (mm)	50
Product Width (mm)	30
Product Length (mm)	1000
