

Metal Mate 40 x 20 x 2mm x 1m Aluminium Rectangle Tube

METAL DIMENSIONS

Description

Metal Mate 40 x 20 x 2mm x 1m Aluminium Rectangle Tube is a precision-engineered aluminium component designed for structural applications within various trades. Its rectangle shape and silver colour enhance its visual consistency while ensuring effective load-bearing properties. The tube's standard dimensions allow for seamless integration into framing systems, providing users with a reliable and cost-efficient solution for constructing and maintaining engineered frameworks.

Features

- Constructed from high-quality aluminium for lasting durability
- Precision engineered rectangle shape for consistent application performance
- Sleek silver finish enhances visual consistency with technical components
- Accurate dimensions of 40x20x2mm ensure proper fit
- 1m length offers versatility for multiple applications
- High structural integrity ensures robust operation
- Engineered for precise alignment in construction frameworks
- Reliable Metal Mate quality supports dependable component integration

Product Code: 5954

General

Product Type Rectangle Tubes

Appearance

Product Shape Rectangle

Product Colour Silver

Construction

Product Material 1 Aluminium

Dimensions

Product Thickness (mm)	2
Product Height (mm)	40
Product Width (mm)	20
Product Length (mm)	1000
