

Metal Mate 20 x 10 x 2mm x 3m Aluminium Rectangular Tube

Description

Metal Mate 20 x 10 x 2mm x 3m Aluminium Rectangular Tube is a precision-engineered component crafted from high-grade aluminium. Its silver finish and consistent rectangular cross-section offer durability and straightforward alignment for various design and fabrication projects. Trade professionals benefit from its reliable dimensions and ease of installation in custom constructions. The tube provides a practical solution for achieving precise structures and supports diverse technical applications in fabrications and related trades.

Features

- Engineered aluminium construction for reliable performance
- Precise dimensions ensure ease of installation
- Rectangular profile supports diverse framing and structural applications
- Smooth silver finish offers visually appealing aesthetics
- Lightweight design simplifies transport and installation
- High-quality manufacturing delivers consistent precision and shape
- Robust structure provides dependable strength in demanding applications
- Versatile dimensions cater to various design requirements

Product Code: 5986

General

Product Type Rectangle Tubes

Appearance

Product Shape Rectangle

Product Colour Silver

Construction

Product Material 1 Aluminium

Dimensions

Product Thickness (mm)	2
Product Height (mm)	20
Product Width (mm)	10
Product Length (mm)	3000
