Metal Mate 25 x 10 x 2mm x 3m Aluminium Rectangle Tube

Description

Metal Mate 25 x 10 x 2mm x 3m Aluminium Rectangle Tube is a precisely engineered aluminium tube featuring a reliable silver finish and a rectangle shape. It is designed for fabrication and structural projects that demand consistent strength and dimensional accuracy. Its robust construction ensures quick installation and dependable performance, supporting trades and engineering applications with improved assembly precision and efficiency.

Features

- Constructed from lightweight high-quality aluminium
- Exact rectangle shape supports uniform structural performance
- Sleek silver finish offers a polished professional look
- Engineered for reliable load-bearing and strength capacity
- Dimensioned at 25 x 10 x 2mm for precise applications
- Available in 3 metre lengths facilitating project scalability
- Material optimised for endurance and improved weight management
- Precision production delivers consistent performance and reliability

Product Code: 5987
