

Metal Mate 40 x 20 x 2mm x 3m Aluminium Rectangle Tube

Description

Metal Mate 40 x 20 x 2mm x 3m Aluminium Rectangle Tube is a precision-engineered component made from durable aluminium designed for architectural and structural applications. It features a consistent rectangular shape with a silver finish, ensuring a reliable profile for various assemblies. Its dimensions and design support precise construction, providing a practical solution for trade professionals focused on achieving effective, reproducible, and straightforward results in their projects.

Features

- Premium aluminium construction offering high structural reliability
- Rectangular cross-section supports even weight distribution
- Precision dimensions maintain tight tolerance fit
- Polished silver finish adds clean modern aesthetic
- Robust aluminium tube ensures long service life
- Engineered wall thickness enhances rigidity and performance
- Lightweight design facilitates handling and installation
- Crafted by Metal Mate with proven engineering expertise

Product Code: 5989

General

Product Type	Rectangle Tubes
Appearance	
Product Shape	Rectangle
Product Colour	Silver

Construction

Product Material 1	Aluminium
--------------------	-----------

Dimensions

Product Thickness (mm)	2
Product Height (mm)	40
Product Width (mm)	20
Product Length (mm)	3000
