

Description

Metal Mate 50 x 25 x 3.0mm x 3m Aluminium Unequal Angle. This aluminium unequal angle offers a practical L-shaped design with a silver finish and is engineered for precise alignment and sturdy support across various framing, construction and reinforcement projects. Trade professionals benefit from its lightweight composition and reliability, ensuring ease of handling and integration into diverse applications.

Features

- Robust aluminium construction delivers long-lasting performance
- L-shaped unequal angle design provides practical structural support
- Silver finish enhances corrosion resistance and visual appeal
- Precision dimensions ensure accurate and reliable assembly
- Engineered for consistent quality in fabrication projects
- Compact profile aids efficient workspace management
- Facilitates secure fittings with standard fixings
- Consistent dimensions streamline planning and purchase decisions

Product Code: 6008

General

Product Type Unequal Angles

Appearance

Product Shape L-Shaped

Product Colour Silver

Construction

Product Material 1 Aluminium
