

Description

Metal Mate 50 x 25 x 1.6mm x 3m Aluminium Unequal Angle is a precision engineered L-shaped angle constructed from high-quality aluminium with a silver finish. It offers reliable angular support and secure connections for a range of construction applications. Its unequal leg configuration provides enhanced versatility in design, ensuring efficient assembly and practical benefits for trade professionals seeking dependable and accurately dimensioned components.

Features

- Precision dimensions ensure repeatable, reliable fabrication results
- Durable aluminium construction facilitates reliable performance
- L shaped design offers versatile angular support
- Uniform silver finish provides a tidy, professional appearance
- Precision cross-section of 50 x 25mm ensures accurate assembly
- Consistent 1.6mm thickness supports a precise, robust fit
- Robust 3m length broadens application configuration flexibility
- Trusted Metal Mate brand underpins a proven design approach

Product Code: 6010

General

Product Type Unequal Angles

Appearance

Product Shape L-Shaped

Product Colour Silver

Construction

Product Material 1 Aluminium

Dimensions

Product Thickness (mm) 1.6

Product Height (mm) 50

Product Width (mm) 25

Product Length (mm) 3000
