

Description

Metal Mate 20 x 12 x 1.4mm x 3m Black Aluminium Unequal Angle offers a robust solution for structural support and reinforcement in fabrication applications. Manufactured with precision, this L-shaped black aluminium profile provides reliable performance for trades professionals seeking consistent and engineered quality. The product presents a straightforward design that is easy to incorporate into projects requiring accurate measurements and dependable stability. Its durable construction ensures long-lasting performance in various technical applications.

Features

- Constructed from durable aluminium for lightweight strength
- L shaped design with unequal angle construction
- Black finish providing a consistent, professional look
- Precision machined for accurate angle alignment
- Extended 3m length for versatile applications
- 20 x 12 x 1.4mm dimensions ensure reliable support
- Engineered for easy installation and consistent use
- Robust construction supports heavy loads in practical settings

Product Code: 6021

General

Product Type Unequal Angles

Appearance

Product Shape L-Shaped

Product Colour Black

Construction

Product Material 1 Aluminium

Dimensions

Product Thickness (mm) 1.4

Product Height (mm) 20

Product Width (mm) 12

Product Length (mm) 3000
