

Metal Mate 25 x 20 x 1.6mm x 3m White Aluminium Unequal Angle

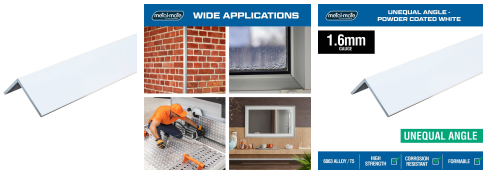

Description

Metal Mate 25 x 20 x 1.6mm x 3m White Aluminium Unequal Angle is a carefully manufactured component featuring an L-shaped profile and a white aluminium finish. It provides consistent support in construction, plating, and general assembly tasks. The design facilitates ease of installation in a variety of technical applications. Its precision engineering and rigid dimensions contribute to stable constructions and accurate alignments for building projects handled by trade professionals.

Features

- Constructed from durable white aluminium with consistent quality
- Unequal angles provide design flexibility and varied applications
- L-shaped profile offers robust support in framing tasks
- Dimensions: 25 x 20 x 1.6mm ensure precise mounting
- 3m length supports expansive construction requirements
- Clean white finish requires limited finishing treatments
- Ideal for integration into custom metal fabrication projects
- Precise machining and robust construction deliver reliable installation

Product Code: 6022

General

Product Type Unequal Angles

Appearance

Product Shape L-Shaped

Product Colour White

Construction

Product Material 1 Aluminium
