

Metal Mate 25 x 20 x 1.6mm x 3m Black Powder Coated Aluminium Angle

Description

Metal Mate 25 x 20 x 1.6mm x 3m Black Powder Coated Aluminium Angle is a precision engineered unequal angle of aluminium with a powder coated finish. It features an L-shaped design that provides stable support and precise fitment for various applications. Its robust build and fine dimensions contribute to reliable performance for civil and trade professionals, offering a combination of durability and accuracy for practical structural configurations and hardware installations.

Features

- L-shaped structure with unequal angles delivers versatile support
- Powder coated black finish enhances appearance and corrosion resistance
- Precision engineered aluminium offers consistent strength and reliability
- Dimensions 25 x 20 x 1.6mm optimise material use
- Length of 3m allows flexibility for diverse applications
- Aluminium construction ensures light weight and robust strength
- Black finish provides clear visual contrast in assemblies
- Consistent manufacturing ensures reliable fit and function

Product Code: 6023

General

Product Type Unequal Angles

Appearance

Product Shape L-Shaped

Product Colour Black

Construction

Product Material 1 Aluminium

Dimensions

Product Thickness (mm) 1.6

Product Height (mm) 25

Product Width (mm) 20

Product Length (mm) 3000
