

Description

Metal Mate 32 x 20 x 1.4mm x 3m Aluminium Unequal Angle White is an L-shaped component crafted from aluminium with a stable white finish. It offers reliable structural support for various assemblies used in professional projects. The precise dimensions ensure consistency in production and ease of integration into frameworks, making it a practical choice for trade professionals seeking durability and straightforward performance in their work.

Features

- Fabricated from aluminium for strength and weight saving
- L-shaped unequal angle design for enhanced mounting options
- White finish offers clean, unobtrusive appearance
- Dimensions of 32 x 20 x 1.4mm provide precise measurements
- Three metre length accommodates diverse construction applications
- Engineered for consistent performance in various settings
- Robust fabrication enhances structural integrity and support
- Designed for ease of installation with precise tolerances

Product Code: 6024

General

Product Type Unequal Angles

Appearance

Product Shape L-Shaped

Product Colour White

Construction

Product Material 1 Aluminium

Dimensions

Product Thickness (mm) 1.4

Product Height (mm) 32

Product Width (mm) 20

Product Length (mm) 3000
