

Description

Metal Mate 32 x 20 x 1.4mm x 3m Black Aluminium Unequal Angle is a precision-manufactured metal profile built from high-quality aluminium with an L-shaped, unequal angle design. It offers reliable structural support for fabrication projects and provides accurate dimensions for effective assembly. Trade professionals benefit from its robust construction and adaptable form, which facilitate secure connections and contribute to efficient, custom applications in various construction and manufacturing tasks.

Features

- Unequal angle design for versatile structural applications
- L shaped format delivers improved support and stability
- Constructed from aluminium for dependable durability
- Black finish enhances visibility during assembly work
- Precision manufacturing ensures accurate consistent dimensions
- Ideal dimensions 32 x 20 x 1.4mm for versatile use
- Supplied in 3m lengths for flexible project configurations
- Metal Mate quality builds reliability and better performance

Product Code: 6025

General

Product Type Unequal Angles

Appearance

Product Shape L-Shaped

Product Colour Black

Construction

Product Material 1 Aluminium

Dimensions

Product Thickness (mm) 1.4

Product Height (mm) 32

Product Width (mm) 20

Product Length (mm) 3000
