

Metal Mate 20 x 12 x 1.4mm x 1m Aluminium Unequal Angle

METAL DIMENSIONS

Description

Metal Mate 20 x 12 x 1.4mm x 1m Aluminium Unequal Angle is designed for precision support applications in various assembly and fabrication tasks. Made from durable aluminium with a silver finish and a L-shaped configuration, it provides reliable jointing and structural reinforcement. Its technical design facilitates efficient construction, offering trade professionals predictable performance and accurate alignment in projects that require dependable and lightweight support components.

Features

- L-shaped design offers versatile configuration options
- Constructed from robust aluminium with silver finish
- Precision dimensions 20 x 12 x 1.4mm and 1m long
- Uniform 1 metre length ensures consistent installation
- Engineered for reliable load transfer in metal assemblies
- Designed for accurate fitting and straightforward assembly
- Metal Mate name guarantees proven industry experience
- Ideal dimensions support precise construction and stable frameworks

Product Code: 6250

General

Product Type Unequal Angles

Appearance

Product Shape L-Shaped

Product Colour Silver

Construction

Product Material 1 Aluminium

Dimensions

Product Thickness (mm)	1.4
Product Height (mm)	20
Product Width (mm)	12
Product Length (mm)	1000
