Metal Mate 25 x 12 x 1.6mm x 1m Silver Aluminium Unequal Angle

Description

Metal Mate 25 x 12 x 1.6mm x 1m Silver Aluminium Unequal Angle is a silver L-shaped equal angle manufactured from aluminium for precise metalwork. It offers consistent dimensions and a robust design that facilitates accurate component alignment and secure joinery. The product supports efficient assembly and repeatable results for trade professionals, enabling reliable structural integration and quality workmanship across various applications.

Features

- Durable aluminium construction ensures long-lasting performance
- Precise L-shaped design for secure assembly and support
- Smooth silver finish enhances corrosion resistance and cosmetic appeal
- Consistent equal angles support accurate engineering and construction
- Lightweight yet robust for efficient installation and handling
- Flat uniform surfaces enable ease of mounting and alignment
- Easy integration into varied structural frameworks for practical use
- Standard dimensions simplify planning, measurement and design
